

AB Bank PLC. and Its Subsidiaries

**Consolidated & Separate Financial Statements
For the Year ended 31 December 2025**

**Independent Auditors' Report
To the Shareholders of AB Bank PLC**

Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of AB Bank PLC. and its subsidiaries (the "Group") as well as the separate financial statements of AB Bank PLC. (the "Bank"), which comprise the consolidated and separate Balance Sheets as at December 31, 2025, and the consolidated and separate Profit and Loss Accounts, consolidated and separate Statements of Changes in Equity and consolidated and separate Cash Flows Statements for the year then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at December 31, 2025, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in Note 1.2.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and the guidelines issued by Bangladesh Securities and Exchange Commission (BSEC) and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to note 1.2 to the financial statements where management has explained the basis of preparation of financial statements including compliance with Rules and Regulations issued by Bangladesh Bank on classification of loans and advances, and required impairment provision.

We further draw attention to the fact required for further classification and provision against loans and advances, Provision shortfall against investment, Mark-to-Market (MTM) loss against government securities and Non-Banking Assets (NBA) which has financial impact on the Financial Statements and issues as stated below. However, Bangladesh Bank has given letter vide: BSD-06/6000(36)/AB-Ka/2026-330 dated 29 April 2026, regarding loan classification and provisioning referring note no. 15.1, 15.6, 15.7 and 11. Our opinion is not modified in respect of these matters.

1. Note Nos. 7.9 and 15.1 to the financial statements which describe the classification and provisioning of loans and advances, during our audit covering 88.05% of the total loan portfolio. We initially identified classified loans of BDT 28,446.83 crore, 79.30% of the

total outstanding loans of BDT 35,874.53 crore (excluding Mumbai Branch) compared to BDT 18,196.30 crore reported by the Bank that is resulting in an additional classified amount of BDT 10,250.53 crore. Based on this assessment, the required provision was BDT 22,413.36 crore against which the Bank maintained BDT 2,297.54 crore resulting in a provision shortfall of BDT 20,115.82 crore. These observations, including classification differences and provisioning shortfall were discussed in quadrilateral meeting dated 16 April, 2026.

Subsequent to the meeting, the Bank submitted additional documentation and supporting evidences which we have reviewed and considered and accordingly adjustments of BDT 4,783.10 crore which included loans under honorable High Court stay order BDT 2,486.04 crore, down payments realized against outstanding loan balances amounting to BDT 1,842.25 crore, management-supported corrections BDT 343.33 crore and adjustments based on qualitative judgements BDT 111.48 crore.

As a result, the revised additional classified loans amount to BDT 3,340.36 crore resulting in total identified classified loans of BDT 23,663.73 crore, 65.96% of the total outstanding loans of BDT 35,874.53 crore (excluding Mumbai Branch), whereas the Bank has subsequently maintained classification BDT 20,323.37 crore. The revised required provision has been determined at BDT 20,351.43 crore against which the Bank has maintained BDT 2,297.54 crore resulting in a provision shortfall of BDT 18,053.89 crore. While the additional classification reduced following consideration of further evidence the provisioning requirement did not reduce proportionately, primarily due to our assessment that certain high-risk loans require 100% provisioning.

2. Note no. 6.2.3 and 15.7 of the Financial Statements, which describes significant provision shortfalls amounting to BDT 135.50 crore relating to the Bank's investment in Pinnacle Global Fund Pte Ltd.
3. Note no. 6.1, the Bank incurred a mark-to-market (MTM) loss of BDT 397.21 crore resulting from government securities repo transactions. Contrary to the requirements of DOS Circular No.-06 dated 15 July 2010 and applicable financial reporting standards, this loss was not charged to the profit and loss account, but was recorded as Deferred MTM loss under government securities.
4. Note no. 11 of the financial statements regarding Non-Banking Assets (NBA) amounting to BDT 326.60 crore of which BDT 32.24 crore has been recognized as NBA by the Bank. Such recognition is not in compliance with BRPD Circular No. 22 dated 20 September 2021 issued by Bangladesh Bank. Furthermore, due to lack of evidence of mutation and payment of rent, the said amount remains unsubstantiated.
5. Note no. 6.2.2.3 to the financial statements regarding the Bank's investment of BDT 276 crore in zero coupon bonds of Beximco Limited. No interest income has been received during the last six months, with accrued interest amounting to BDT 20.70 crore remaining unrealized and no subsequent receipts observed up to the date of this report. Despite this, no provision has been maintained against the outstanding accrued interest which may result in a potential shortfall in required provisions.
6. Note No. 10 to the financial statements regarding the Bank's investment in Cashlink Bangladesh Ltd., a non-operational subsidiary since 2017 which despite that reporting income has accumulated losses of BDT 15.07 crore and whose investment of BDT 21.42

crore is currently valued at BDT 8.23 crore based on NAV that is resulting in an impairment shortfall of BDT 13.19 crore for which no provision has been maintained.

7. Note no. 3.3 (a), the Bank did not comply with the Cash Reserve Ratio (CRR) requirements as prescribed by Bangladesh Bank in DOS Circular No.-01 dated 19 January 2014 and MPD Circular No.-03 dated 9 April 2020.

Note no. 3.3 (b), the Bank did not maintain the statutory liquidity ratio (SLR) requirement of 13% on its average demand and time liabilities.

8. Note 16.6 to the financial statements, the Bank did not comply with the minimum Capital to Risk Weighted Asset Ratio (CRAR) of 12.5% as required by BRPD Circular No. 18 dated 21 December 2014 issued by Bangladesh Bank. The Bank's CRAR stood at negative 3.78% as at the reporting date, indicating a significant shortfall in regulatory capital.
9. According to BRPD Circular No. 02 dated 16 January, 2014, and No. 01 dated 16 January, 2022, the aggregate funded exposure to a single person or group must not exceed @ 15% of the Bank's total capital. However, the bank did not maintain single borrower exposure limit for multiple clients in accordance with the circulars as its capital has become negative due to accumulated retained losses, although such exposures were within the prescribed limits at the time of sanction.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below our description of how our audit addressed the matter is provided in that context.

The Key Audit Matter	How the Matter was Addressed in the Audit
Cash and Cash Equivalents	
<p>AB Bank PLC reported total cash and cash equivalents of BDT 1,284.22 crore as of 31 December 2025, which includes balances with Bangladesh Bank and other banks, as well as physical cash and short-term placements (Note 3). Maintaining the Cash Reserve Requirement (CRR) is a fundamental regulatory obligation.</p> <p>Cash and liquidity positions are highly sensitive and subject to misstatement, misappropriation, or operational errors. Given the volume of cash transactions and regulatory implications of non-compliance, this was a key audit area.</p>	<p>We assessed the internal controls related to cash reconciliation, movement monitoring, and regulatory reporting. Cash balances were physically verified at selected branches and the head office. We independently confirmed balances held with Bangladesh Bank and other institutions. The CRR calculation methodology was reviewed, and actual reserve positions were tested for selected periods. We evaluated whether the disclosures regarding the CRR shortfall were complete, accurate, and in accordance with Bangladesh Bank regulations and IAS 7 requirements.</p>

The Key Audit Matter	How the Matter was Addressed in the Audit
Measurement of provision for loans and advances	
<p>As at 31 December 2025, AB Bank PLC reported total loans and advances of BDT 35,952.26 crore (Note 7), comprising a significant portion of the Bank's total assets. These loans are diversified across multiple sectors and involve varied security arrangements, including collateral, guarantees, and personal undertakings. Accurate classification and provisioning of loans are critical for determining the financial position and compliance with regulatory guidelines issued by Bangladesh Bank.</p> <p>The classification of loans involves significant management judgment in assessing borrower creditworthiness, impairment indicators, and recovery expectations. The estimation of adequate provisions based on these assessments has a direct and material impact on the financial statements.</p>	<p>We tested the design and operating effectiveness of key controls focusing on the provisioning process and identification of loss events including early warning indicator. Our substantive procedures in relation to the provision for loans and advances were reviewing the adequacy of the provision requirements as per circulars and instructions given by Bangladesh Bank from time to time and communicated the provision requirements with the management and those charged with governance and the representatives of Bangladesh Bank, assessing the methodology on which the provision amounts are based, recalculating the provisions and tested the completeness and accuracy of the underlying information and finally assessing the appropriateness and presentation of disclosure against relevant accounting standards and Bangladesh Bank's guidelines.</p>

The Key Audit Matter	How the Matter was Addressed in the Audit
Investment Process	
<p>As at 31 December 2025, AB Bank PLC held a significant investment portfolio amounting to BDT 2,009.63 crore (Note 6), comprising government securities and other investments. Of this, BDT 473.04 crore represented government securities (Note 6.1) and other investment BDT 1,536.59 crore (Note 6.2)</p> <p>The investment function is a key area of judgment involving classification (Held-to-Maturity, Held-for-Trading), compliance with Bangladesh Bank circulars (e.g., DOS Circular No.-05 dated 26 May 2008 and DOS Circular No.-01 dated 19 January 2014), risk appetite, yield management, and adherence to regulatory liquidity requirements. Investment decisions have a direct impact on liquidity, profitability, and the bank's Statutory Liquidity Ratio (SLR) compliance.</p> <p>Given the volume and complexity of transactions, involvement of multiple counterparties, the impact of interest rate fluctuations on valuation, and the requirement</p>	<p>We obtained an understanding of the Bank's investment management policies, approval hierarchy, and monitoring mechanisms. We evaluated the internal control design over the investment process, including the segregation of duties between the front office (dealing), middle office (compliance and risk), and back office (settlement and accounting).</p> <p>Our procedures included testing a sample of investment transactions for compliance with internal policies and Bangladesh Bank guidelines. We reviewed investment committee minutes and assessed whether the decisions taken were within approved authority limits.</p> <p>Further, we tested the accuracy and completeness of the investment ledger by reconciling it with third-party confirmations obtained from the central depository, counterparties, and Bangladesh Bank. We assessed the adequacy of the related</p>

for proper classification and accounting, the investment process was considered a matter of most significance in the audit.	disclosures in the financial statements in accordance with IAS 1 and Bangladesh Bank's reporting instructions.
---	--

The Key Audit Matter	How the Matter was Addressed in the Audit
Measurement of deferred tax assets	
<p>The Group and Bank have recognized deferred tax assets for deductible temporary difference that it believes are recoverable.</p> <p>We have determined this to be a key audit matter, due to the inherent uncertainty in forecasting the amount and timing of future taxable profits and the reversal of temporary differences where significant judgement is involved.</p> <p>The Bank reports net deferred tax assets totaling to BDT 125.23 crore (2024: BDT 211.55 crore) as at December 31, 2025.</p> <p>Significant judgment is required in relation to measurement of deferred tax assets as their recoverability is dependent on forecasts of future profitability over a number of years. Refer to the note no. 10.1 to the financial statements.</p>	<p>The Group and Bank have recognized deferred tax assets for deductible temporary difference that it believes are recoverable.</p> <p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Bank's key controls over the recognition and measurement of deferred tax assets and assumptions used in estimating Bank's future taxable income.</p> <p>We assessed the completeness and accuracy of the data used for estimation of future taxable income. We also assessed the instruction given by Bangladesh Bank related to the deferred tax assets and checked it accordingly which was properly complied and reflected in the financial statements of the Bank.</p> <p>Finally, we assessed the appropriateness and presentation of disclosures against IAS 12 - Income Taxes and the instruction of Bangladesh Bank regarding DTA's.</p>

The Key Audit Matter	How the Matter was Addressed in the Audit
Information Technology Systems and General Controls.	
<p>AB Bank's operations are highly reliant on automated systems for recording transactions, processing payments, generating reports, and controlling user access across multiple platforms. The core banking software supports operations across domestic and international branches. Given the volume of transactions, integration between applications, and sensitivity of financial reporting, any control deficiencies in the IT environment could materially affect the integrity of financial data.</p> <p>Key risks include unauthorized access, incorrect or unauthorized changes to systems or data, inadequate backup and recovery, and insufficient segregation of duties. These could lead to financial misstatements or disruption of operations.</p>	<p>We engaged IT audit specialists to evaluate the design and operating effectiveness of the Bank's general IT controls (GITCs), including user access management, program change controls, data backup, and system interfaces. We reviewed the Bank's core banking system and its interaction with sub-systems and third-party platforms. We tested a sample of automated controls and conducted walk-throughs of key processes. Where weaknesses were identified, we assessed the impact and tested manual compensating controls to ensure reliability of financial data.</p>

The Key Audit Matter	How the Matter was Addressed in the Audit
Impairment assessment of unquoted investments	
In the absence of a quoted price in an active market, the fair value of unquoted shares and bonds, especially any impairment is calculated using valuation techniques which may take into consideration direct or indirect unobservable market data and hence require an elevated level of judgment. Refer to the note no. 6.2.1 to the financial statements.	We have assessed the processes and controls put in place by the Bank to ensure all major investment decisions are undertaken through a proper due diligence process. We tested a sample of investments valuation as at December 31, 2025 and compared our results to the recorded value. Finally, we assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank's guidelines.

The Key Audit Matter	How the Matter was Addressed in the Audit
Legal and regulatory matters	
We focused on this area because the Bank and its subsidiaries (the "Group") operate in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict. These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions which have been established and other contingent liabilities. Overall, the legal provision represents the Group's best estimate for existing legal matters that have a probable and estimable impact on the Group's financial position.	We obtained an understanding, evaluated the design, and tested the operational effectiveness of the Group's key controls over the legal provision and contingencies process. We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters. We enquired of the Group's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports. We also received formal confirmations from external counsel. We assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information. We also assessed the Group's provisions and contingent liabilities disclosure.

The Key Audit Matter	How the Matter was Addressed in the Audit
Carrying value of investments in subsidiaries by the Bank	
The Bank has invested in equity shares of its five subsidiaries, namely AB Investment Limited, AB Securities Limited, Cash link Bangladesh Limited, AB International Finance Limited, Hong Kong and Arab Bangladesh Bank Foundation. As at December 31, 2025 the carrying value of these investments is BDT 622.91 crore. At the time of conducting our audit of the separate financial statements of the Bank we have considered the recoverable value of the Bank's investments in the above subsidiaries stated at cost.	We have reviewed management's analysis of impairment assessment and recoverable value calculation of subsidiaries in accordance with IAS 36. In particular, our discussions with the management were focused on the continued appropriateness of the value in use model, the key assumptions used in the model, the reasonably possible alternative assumptions, particularly where they had the most impact on the value in use calculation. We also checked mathematical accuracy of the model, recalculated discount rate used

Management has conducted an impairment assessment and calculated the recoverable value of its subsidiaries in accordance with IAS 36. Refer to note no. 10 to the financial statements.	within the model, inputs used in the determination of assumptions within the model were challenged and corroborating information was obtained with reference to external market information, third-party sources.
---	---

The Key Audit Matter	How the Matter was Addressed in the Audit
Capital to Risk Weighted Asset Ratio (CRAR)	
<p>As per BRPD Circular No. 18 dated 21 December 2014, banks are required to maintain a minimum Capital Adequacy Ratio (CAR) of 12.5%, including a 2.5% capital conservation buffer. As at 31 December 2025, AB Bank PLC reported a consolidated CRAR of negative 3.36%, which is significantly below the regulatory requirement, resulting in a capital shortfall of BDT 8,152.62 crore (Note 16.6). This situation may impair the Bank's ability to absorb potential losses, restrict its capacity to grow assets, and pose a threat to regulatory compliance and financial stability.</p> <p>The determination of CRAR involves complex calculations around capital components, risk-weighted assets (RWA), and application of regulatory adjustments. Any errors or misclassifications may significantly affect the reported ratio and capital position.</p>	<p>We reviewed the CRAR calculation submitted to Bangladesh Bank, including the computation of Tier 1 and Tier 2 capital and the application of deductions and limits as per Basel III guidelines. We re-performed a sample of RWA calculations and validated credit risk weights assigned to on-balance sheet and off-balance sheet exposures. The eligibility of capital instruments such as perpetual bonds and subordinated debt was verified. We assessed management's plans to restore capital adequacy and evaluated the disclosures made in the financial statements to ensure transparency and compliance.</p>

Other information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Other Matter

Please refer to note 1.12 to the Financial Statements, the Bank has to comply with the Bangladesh Bank (BB) Circulars while maintaining the Provision on Loans and Advances, Investments, Other Assets, and Off-Balance Sheet Items. However, the Bank has maintained provisions against these items as per the Bangladesh Bank's forbearance letter vide: BSD-06/6000(36)/AB-Ka/2026-330 dated 29 April 2026, as explained in Note no. 11, 15.1, 15.6 and 15.7

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation of consolidated and separate financial statements that give a true and fair view in accordance with Rules and Regulation issued by Bangladesh Bank and IFRS Accounting Standards as issued by the IASB as explained in note X and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Group and the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, (amended up to date), the Securities and Exchange Rules 2020, the Bank Company Act 1991 (amended up to date), the Financial Reporting Act 2015, the rules and regulations issued by Bangladesh Bank, we also report that:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) in our opinion, proper books of account as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books;
- (iii) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- (iv) the balance sheet and profit and loss account of the Bank dealt with by the report are in agreement with the books of account and returns;
- (v) the consolidated financial statements of the Group and the separate financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- (vi) adequate provisions have not been made for loans and advances which is, in our opinion, doubtful of recovery, as a significant provisioning shortfall exists as described in paragraph 1 of the Emphasis of Matter section. However, adequate provisions have been made for other assets;
- (vii) based on our checking of samples, certain advances or loans were found to be in excess of the limits determined by Bangladesh Bank from time to time, as described in paragraph 9 of the Emphasis of Matter section;
- (viii) to the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section in forming the above opinion on the consolidated financial statements and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls:
 - (a) internal audit, internal control and risk management arrangements of the Group as disclosed in the financial statements appeared to be materially adequate;
 - (b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and its related entities;
- (ix) consolidated financial statements of the Bank include five subsidiaries, namely AB Investment Limited, AB Securities Limited, Cashlink Bangladesh Limited, AB International Finance Limited, Hong Kong and Arab Bangladesh Bank Foundation reflect total assets of BDT 835.47 crore, BDT 163.03 crore, BDT 10.39 crore, BDT 180.89 crore, and BDT 62.25 crore respectively as at December 31, 2025 and total revenue of BDT 9.33 crore, BDT 12.03 crore, BDT 0.64 crore, BDT 13.70 crore and BDT 3.30 crore respectively for the year ended December 31, 2025. The financial statements of the Bank's subsidiaries have been audited by other component auditors who have expressed unmodified audit opinion. The results of the subsidiaries have been properly reflected in the Group's consolidated financial statements.

- (x) the information and explanations required by us have been received and found satisfactory;
- (xi) we have reviewed over 80% of the risk weighted assets of the Bank and spent over 9,000 person hours;
- (xii) Capital to Risk-weighted Asset Ratio (CRAR), Cash Reserve Ratio (CRR) and Statutory Liquidity Ratio (SLR) as required by Bangladesh Bank have not been maintained adequately as at 31 December 2025;
- (xiii) As part of our going concern assessment, we reviewed maturity mismatch between assets and liabilities which may adversely affect the Bank's subsequent liquidity position; and
- (xiv) Non-banking assets have been accounted in conformity with Bangladesh Bank guidelines, except for the matter described in paragraph 4 of the Emphasis of Matter section.

AB Bank PLC. and Its Subsidiaries

Notes to the Consolidated and Separate Financial Statements

As at and for the year ended 31 December 2025

1.1 The Bank and its activities

AB Bank PLC. (the Bank) is one of the first generation Private Commercial Banks (PCBs) incorporated in Bangladesh on 31 December 1981 as a public limited company under the Companies Act 1913, subsequently replaced by the Companies Act 1994, and is governed by the Bank Company Act, 1991 (amendment up to date). The Bank went for public issue of its shares on 28 December 1983 and its shares are listed with Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited. AB Bank PLC. has 105 Branches including one (1) Islami Banking Branch and one (1) Overseas Branch in Mumbai, India. The Bank has five subsidiary companies namely AB Investment Limited, AB Securities Limited, Cashlink Bangladesh Limited, Arab Bangladesh Bank Foundation all incorporated in Bangladesh and AB International Finance Limited, incorporated in Hong Kong.

AB Investment Limited (ABIL) and AB Securities Limited (ABSL) were incorporated as subsidiary companies after obtaining the approvals from Bangladesh Bank following guidelines of the Bangladesh Securities and Exchange Commission (BSEC). These two subsidiaries are being put into operations to cater the merchant banking and brokerage business which were previously carried out by the Bank itself.

The Bank through its Branches and non-banking subsidiaries provides a diverse range of financial services and products in Bangladesh and in certain international markets. The Bank has expanded its capital market oriented service horizon to its customers through AB Investment Limited. The Bank obtained permission from BSEC to embark upon merchant banking vide its certificate no. MB-1.02/2001-30 dated 15 May 2001 under the Securities and Exchange Commission Act 1993. Subsequently, the Bank has formed a subsidiary company named AB Investment Limited in accordance with the approval of Bangladesh Bank vide letter no. BRPD(R-1)717/2009-538 dated 09 December 2009 and the Bangladesh Securities and Exchange Commission vide letter no. Sec/Reg/MB-79/2010/73 dated 10 March 2010 for dealing the Merchant Banking business.

AB Bank PLC. started its Islami Banking operation through its Dilkusha Islami Banking Branch, Dhaka on 23 December 2004 following the permission of Bangladesh Bank vide letter no. BRPD (P) 745 (12)/2004-2702 dated 08 July 2004. Subsequently, the Branch was shifted to Kakrail, Dhaka on 18 October 2006.

The Bank obtained permission to work as a security custodian from the Bangladesh Securities and Exchange Commission vide its certificate no. SC-05/2007 dated 22 January 2007 under the Securities and Exchange Commission (Securities Custodian Service) Rules 2003.

In the year 2009, the Bank obtained permission to operate Off Shore Banking Unit (OBU) vide letter # BRPD (P-3)744/(106)/2009-4486 dated 06 December 2009 of Bangladesh Bank. OBU operation has been carried out from 28 April 2010 through the Bank's EPZ Branch, Chittagong.

Initially the Bank registered as Arab Bangladesh Bank Limited, which was subsequently renamed as AB Bank Limited in 2007. With the approval of regulatory authority in 2023 the name of the Bank has changed as AB Bank PLC.

1.2 Significant accounting policies and basis of preparation of the financial statements

Presentation of the financial statements

The consolidated and separate financial statements of the Bank have been prepared for the year ended December 31, 2025 in accordance with the measurement and recognition requirements of International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted in Bangladesh.

It is a philanthropic Organization and are not consolidated with group Financial Statements.

Use of estimates and judgments

The preparation of consolidated financial statements and financial statements of the Bank required management to make judgments, estimates and assumptions that affected the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions have been reviewed considering business realities. Revisions of accounting estimates have been recognised in the period in which the estimates have been revised and in the future periods affected, if applicable.

All intergroup balances, transactions, income and expenses are fully eliminated while preparing the consolidated financial statements.

Materiality, aggregation and offsetting

The Bank aggregates each material class of similar items and separately which are dissimilar in nature or function unless those are immaterial. The Bank did not offset assets and liabilities or income and expense, unless required or permitted by IAS/ IFRS.

Foreign currency transactions

Functional and presentational currency

Financial statements of the Bank have been presented in Taka/BDT, which is the Bank's functional and presentational currency.

Foreign currency translation

Foreign currency transactions have been converted into equivalent Taka currency at the ruling exchange rates on the respective date of such transactions as per IAS 21 "The Effects of Changes in Foreign Exchange Rates".

Assets and liabilities in foreign currencies as at 31 December 2023 have been converted into Taka currency at the average of the prevailing buying and selling rates of the relevant foreign currencies at that date except "balances with other banks and financial institutions" which have been converted as per directives of Bangladesh Bank vide its circular no. BRPD (R) 717/2004-959 dated 21 November 2004.

Differences arising through buying and selling transactions of foreign currencies on different dates of the year have been adjusted by debiting /crediting exchange gain or loss account.

Commitment

Commitments for outstanding forward foreign exchange contracts disclosed in the consolidated financial statements and financial statements of the Bank have been translated at contracted rates. Contingent liabilities/commitments for letter of credit, letter of guarantee and acceptance denominated in foreign currencies have been expressed in Taka terms at the rates of exchange ruling on the balance sheet date.

Translation gain and losses

Gains or losses arising out of translation of foreign exchange have been included in the Profit and Loss Account, except those arising on the translation of net investment in foreign branch and subsidiaries.

Foreign operations

The results of financial statements of the Bank whose functional currency is not Bangladesh Taka are translated into Bangladesh Taka as follows:

- assets and liabilities for each items of Balance Sheet have been translated at the closing rate on the date of Balance sheet.
- income and expenses for Profit and Loss (P & L) Account have been translated at an monthly average rate of the year; and
- all resulting exchange differences have been recognized in the P&L or as a separate components of equity, where appropriate.

Cash flow statement

Cash Flow Statement is prepared principally in accordance with IAS 7 "Statement of Cash Flows" under direct method as per the guidelines of BRPD circular no. 14 dated 25 June 2003. The Statement of Cash Flows show the structure of and changes in cash and cash equivalents during the period. Cash Flows during the year have been classified as operating activities, investing activities and financing activities.

Statement of changes in equity

Statement of Changes in Equity has been prepared in accordance with IAS 1 "Presentation of Financial Statements" and following the guidelines of Bangladesh Bank BRPD circular no.14 dated 25 June 2003.

- Loans and advances/investments in Islamic Banking Branch are stated at gross amounts at 31 December 2025.
- Interest/profit is calculated on a daily basis but charged and accounted on accrual basis. Interest/profit on classified loans and advances/ investment is kept in suspense account as per Bangladesh Bank instructions and such interest/ profit is not accounted for income until realized from borrowers. Interest/profit is not charged on bad and loss loans/ investments as per guideline of Bangladesh Bank.
- Commission on bills purchased and discounting are recognised at the time of realisation.

- iv. Provision for loans and advances is made on the basis of quarter-end review by the management and as per instructions contained in BRPD Circular letter No. 06 dated 25 April 2023, BRPD circular No. 15 dated 27 November 2024 and BRPD Circular letter No. 29 dated 21 December 2025. The rates for provisions are stated below:

Particulars		Agricultural Credit	SMEF	All Other Credit	Off Balance Sheet Exposures
UC	Standard	0.5%, 1%	0.5%, 1%	1%	1%, 2%, 5%
	SMA	0.5%, 5%	0.5%, 5%	5%	
Classified	SS	20%	20%	20%	
	DF	50%	50%	50%	
	BL	100%	100%	100%	

Investment

Investments have been initially recognised at cost, including acquisition charges associated with the investment. Premium has been amortized and discount accredited, using the effective or historical yield method. Government Treasury Bills and Bonds (categorized as HFT or/and HTM) are accounted for as per Bangladesh Bank DOS circular letter no. 05 dated 26 May 2008 and DOS circular no. 05 dated 28 January 2009.

The valuation methods of investment used are:

Government securities

Held to Maturity (HTM)

Investments which are intended to be held to maturity are classified as "Held to Maturity". These are measured at amortised cost at each year end by taking into account any discount or premium in acquisition. Amortised amount of such premium are booked into Profit and Loss Account or discount is booked to reserve until maturity/disposal.

Held for Trading (HFT)

Investment primarily held for selling or trading is classified in this category. After initial recognition, investments are valued on the basis of marked to market on weekly basis. Decrease in the book value is recognised in the Profit and Loss Account and any increase is transferred to revaluation reserve account.

Value of investments has been enumerated as follows:

Investment class	Initial recognition	Measurement after initial recognition	Recording of changes
Treasury Bill / Bond (HFT)	Cost	Market value	Loss to Profit and Loss Account (P&L), gain to revaluation reserve
Treasury Bill / Bond (HTM)	Cost	Amortized value	Increase in value to equity and decrease in value to P&L
Debenture	Face value	None	None
Prize bond	Cost	None	None
Shares	Cost	Lower of cost and market value	Realised gain or loss, recognised in P&L Unrealized gain is not recognized in accounts. Provision is maintained for unrealized loss, if any

Investment in listed securities

These securities are brought and held primarily for the purpose of selling them in future or held for dividend income. These are reported at cost. Unrealised gains are not recognised in the Profit and Loss Account.

In Accordance with BRPD Circular no. 14 dated 25 June 2003, provisions should be made for any loss arising from the diminution in value of investments. Subsequently, as per DOS Circular No.01 dated 24 May 2023, provisions may be made for any loss arising from the diminution in value of investments after netting of gain. Provision against Mutual Fund should also be maintained in accordance with DOS circular letter no. 01 dated May 24, 2023.

Investment in unlisted securities

Investment in unlisted securities is reported at cost under cost method. Provision against Investment in unlisted securities, where applicable, is also maintained as per DOS circular letter no. 01 dated May 24, 2023.

Investment in subsidiaries

Investment in subsidiaries is accounted for under the cost method of accounting in the Bank's financial statements in accordance with the IAS 27 "Separate Financial Statements".

Fixed assets

- i) All fixed assets are stated at cost less accumulated depreciation as per IAS 16 "Property, Plant and Equipment". The cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire an asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognised in accordance with the specific requirements of the IFRS.
- ii) The cost of an item of property, plant and equipment is recognised as an asset if-
it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.
- iii) Depreciation on fixed assets is charged over the estimated useful life of the assets using reducing balance method except motor vehicles, computers & computer equipments, intangible assets, core banking hardware and photocopiers for which straight-line method is used. The rates of depreciation are as follows:

<u>Category of asset</u>	<u>Rate of depreciation</u>
Land	Nil
Building	2.5%
Furniture and fixtures	10%
Electrical appliances	20%
Motor vehicles	12.5%
Core banking hardware	12.5%
Office appliances	20%
Intangible Assets	20%

- iv) Depreciation on fixed assets is charged when the respective asset is ready to use.
- v) The cost and accumulated depreciation of disposed assets are eliminated from the fixed assets schedule and gain or loss on such disposal is reflected in the Profit and Loss Account.
- vi) Useful lives and method of depreciation of fixed assets are reviewed periodically. If useful lives of assets do not differ significantly as these were previously estimated, revaluation of assets does not consider to be done.
- vii) Bank capitalised items value of which is over Taka 50,000 and the items below Taka 50,000 were booked as non-capitalised items under the broader head of other expenses with effect from 01 March 2009 in accordance with the relevant policy of the Bank.
- viii) Bank also follows a policy for amortization of expenditure considering the durability and useful lives of items. These are treated as intangible assets and are booked under the head "Fixed Assets" and amortised over their estimated useful lives by charging under the broad head "Depreciation".
- ix) Bank accounted for its required assets under non-current assets held for sale in applicable cases as per IFRS 5 Non-current Assets Held for Sale and Discontinued Operations. In general terms, assets (or disposal groups) held for sale are not depreciated; measured at the lower of carrying amount and fair value less costs to sell, and are presented separately in the statement of financial position.

Intangible assets

An intangible asset is recognised if-

- a. It is probable that the expected future economic benefits that are attributable to the assets will flow to the entity; and
- b. The cost of the assets can be measured reliably.

Other assets

Other assets include all balance sheet items not covered specifically in other areas.

Lease

Bank recognised a contract as (or contains) a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

i) Right-of-use assets

The Bank recognises right-of-use assets at the date of initial application of IFRS 16. The cost of the right of use assets comprises present value of lease payments less incentive plus initial direct payment and dismantling cost etc.

ii) Lease liabilities

At the commencement date of the lease, the Bank recognises lease liabilities measured at the present value of lease payments to be made over the lease term using incremental borrowing rate at the date of initial application. Lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments, and re-measuring the carrying amount to reflect any reassessment or lease modifications. Interest on the lease liability in each period during the lease term shall be the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability. The Bank recognised lease liabilities which are present value of lease payments to be made over the lease term from the date of commencement or 01 January 2019. The lease payment has been discounted using Treasury bill/bond rate supporting lease tenor 1-10 years as implicit borrowing rate.

iii) Short-term leases and leases of low value assets

The Bank has elected not to recognise right-of-use assets and lease liabilities for leases of low value assets and short term leases, i.e. for which the lease term ends within 12 months of the date of initial application. The Bank recognises lease payments associated with these leases as an expense. The contracts for premises with all branches, head office, regional offices, data centres and disaster recovery centres are considered for lease calculation.

The Bank as lessee on lease-by-lease basis, elected a single threshold less than BDT 1 crore to consider low value asset on the basis of materiality (less than 1%) of Bank's Total capital BDT 1,651 crore. Hence, any payment made by the Bank under contract for use of any rental premises or assets for a period not exceeding twelve months, and or, falls as low value asset and substantial risks and benefits of ownership of those rental premises/assets do not transfer to the Bank, are recognised as expense.

iv) Depreciation of Right Of Use Assets

The right of use assets are depreciated using a straight line method from the lease recognition date to the end of the lease term.

Stock of stationery

Stock of stationery has been shown under other assets and is valued at cost.

1.4 Capital, reserve, liabilities and provision and basis of their valuation

Share capital

Ordinary shares are classified as equity when there is no contractual obligation to transfer cash or other financial assets.

Statutory reserve

As per Section 24 of the Bank Company Act, 1991 (amendment up to date), at least 20% of current year's profit of the Bank is required to be transferred to Statutory Reserve until such reserve together with share premium account equals to its paid up capital.

Revaluation reserve

When an asset's carrying amount is increased as a result of revaluation, the increased amount should be credited directly to equity under the head revaluation surplus/ reserve as per IAS 16 "Property, Plant and Equipment".

Deposits and other accounts

Deposits are recognised when the Bank enters into contractual arrangements with the counterparties, which are generally on trade date and initially measured at the amount of consideration received.

Borrowing

Borrowed funds include call money, term borrowings and re-finance from different commercial banks, non-banking financial institutions and central bank.

Provision for taxation

Income tax represents the sum of the current tax and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Bank's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Provision for current income tax has been made @ 37.50% on the accounting profit made by the Bank after considering taxable allowances and disallowances as per income tax laws applicable for the Bank.

Deferred tax

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences, unused tax losses or unused tax credits can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, and interests in joint ventures, except where the Bank is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited to the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the company intends to settle its current tax assets and liabilities on a net basis.

The impact on the account of changes in the deferred tax assets and liabilities has also been recognized in the Profit and Loss Account as per IAS-12 "Income Taxes" (note 10.1).

Retirement benefits to the employees

The retirement benefits accrued for the employees of the Bank as on the reporting date have been accounted for in accordance with the provision of IAS 19 "Employee Benefits". Bases of enumerating the retirement benefits schemes operated by the Bank are outlined below:

Provident fund

There is a provident fund scheme under the defined contribution plan. The fund is operated by a separate board of trustees approved by the National Board of Revenue as per Income Tax Act, 2023. All eligible employees contribute 10% of their basic pay to the fund. The Bank also contributes equal of employee's contribution to the fund. These contributions are invested separately. Benefits from the fund are given to eligible employees at the time of retirement/resignation as per approved rules of the fund.

Staff gratuity

The Bank has a separate Board of Trustees for operating the staff gratuity fund approved by the National Board of Revenue. Employees of the Bank, who served the Bank for ten years or above are entitled to get gratuity benefit at rates determined by the Service Rules of the Bank.

Superannuation fund

The Bank operates a Superannuation Fund as death-cum-retirement benefit for its employees. The fund is operated by a separate Board of Trustees.

Provision for liabilities

A provision is recognised in the balance sheet when the Bank has a legal or constructive obligation as a result of past event and it is probable that an outflow of economic benefit will be required to settle the obligations, in accordance with IAS 37 "Provisions, Contingent Liabilities and Contingent Assets".

No provision is recognised for any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank, or any present obligation that arises from past events and it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimates of the amount of obligation cannot be made.

However, certain provisions on assets and liabilities are maintained in accordance with relevant Bangladesh Bank Circulars issued from time to time.

Provision for nostro accounts

Provision for nostro accounts is required to be maintained as per circular letter no. FEPP(FEMO)/01/2005-677 dated 13 September 2005 issued by Foreign Exchange Policy Department of Bangladesh Bank.

Non- controlling Interest

Non- Controlling Interest is the equity in a subsidiary not attributable, directly or indirectly, to the parent.

As per IFRS 10 'Consolidated Financial Statements' Bank presents non- controlling interest separately in financial statements.

Profit or loss and each component of other shareholders equity are attributed to the owners of the parent and to the non-controlling interest. Total shareholders equity is attributed to the owners of the parent and to the non-controlling interest even if this result in the non- controlling interest having a deficit balance.

1.5 Revenue recognition

Interest income

The interest income is recognised on accrual basis. Interest on loans and advances ceases to be taken into income when such advances are classified or treated as Sub Standard (SS) and Doubtful (DF) as per BRPD circular no. 14 dated 23 September 2012 and is kept in interest suspense account. Interest on classified advances is accounted for as income when realised.

Profit on investment (Islami Banking)

Profit on investment is taken into income account from profit receivable account. Overdue charges/ compensation on classified investment is transferred to profit suspense/ compensation receivable account instead of income account.

Investment income

Interest income on investments is recognised on accrual basis except treasury bills. Capital gains on investments in shares are also included in investment income. Capital gains are recognized when these are realised.

Fees and commission income

Fees and commission income on services provided by the Bank are recognised as and when the services are rendered. Commission charged to customers on letters of credit and letters of guarantee are credited to income at the time of affecting the transactions.

Dividend income on shares

Dividend income from investment in shares is recognised when the Bank's right to receive dividend is established. It recognised when:

- a. It is probable that the economic benefits associated with the transaction will flow to the entity; and
- b. the amount of the revenue can be measured reliably.

Interest paid on deposits and borrowings

Interest paid on deposits, borrowings, etc. is accounted for on accrual basis according to the IAS 1 "Presentation of Financial Statements".

Other operating expenses

All other operating expenses are provided for in the books of the account on accrual basis according to the IAS 1 "Presentation of Financial Statements".

1.6 Reconciliation of books of account

Books of account with regard to inter-bank (in Bangladesh and outside Bangladesh) and inter-branch transactions are reconciled.

1.7 Earnings Per Share (EPS)

Basic earnings per share

Basic earnings per share have been calculated in accordance with IAS 33 "Earnings per Share" which has been shown in the face of the Profit and Loss Account. This has been calculated by dividing the profit attributable to the ordinary shareholders by the numbers of ordinary shares.

Diluted earnings per share

Diluted earnings per share is to be calculated by adjusting profit or loss attributable to ordinary equity holders of the parent entity, and weighted average number of shares outstanding, for the effects of all dilutive potential ordinary shares.

Potential ordinary shares shall be treated as dilutive when, and only when, their conversion to ordinary shares would decrease earnings per share or increase loss per share from continuing operations.

1.8 Off-balance sheet items

Off-Balance Sheet items have been disclosed under contingent liabilities and other commitments as per Bangladesh Bank's guidelines.

In accordance with BRPD circular no.06 dated 25 April 2023, general provision for Off-Balance Sheet exposure of the Bank as at 31 December 2025 has been considered. Provision is made on the total exposure and amount of cash margin or value of eligible collateral is not deducted while computing Off-Balance sheet exposure.

1.9 Memorandum items

Memorandum items are maintained for those items for which the Bank has only a business responsibility and no legal commitment.

AB Bank PLC.

Notes to the Financial Statements

1.12 Compliance of Bangladesh Bank regulations over IAS/IFRS

In the following cases Bank followed Bangladesh Bank regulations over IFRS/IAS:

Sl no.	Issues	IAS/IFRS	Bangladesh Bank
1	Presentation	As per IAS 1 Other Comprehensive Income is a component of financial statements or the elements of Other Comprehensive Income are to be included in a single Comprehensive income statement and there is no requirement to show appropriation of profit in the face of statement of comprehensive income. Again, Intangible assets must be identified, recognised, presented in the face of the balance sheet and the disclosures to be given as per IAS 38.	In accordance with BRPD Circular no. 14 dated 25 June 2003 financial statements do not require to include the statement of Other Comprehensive Income and appropriation of profit is provided in the face of Profit and Loss Account. Intangible assets are provided under the head Fixed Assets.
2	Cash and cash equivalents	As per IAS 7 cash comprises cash in hand & demand deposits and Cash equivalents recognises the short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Therefore, some items like- Balance with Bangladesh Bank on account of CRR/ SLR are not part of cash and cash equivalents as those are not readily available.	Balance with Bangladesh Bank is treated as cash and cash equivalents as per BRPD Circular no. 14 dated 25 June 2003.
3	Investment in shares and securities	As per requirements of IFRS 9, classification and measurement of investment in shares and securities will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Based on these factors the investment in shares and securities generally falls either under at "fair value through profit and loss account (FVTPL)" or at "fair value through other comprehensive income (FVOCI)" where any change in the fair value of securities measured under FVTPL is taken to the profit and loss account and any changes in the fair value of securities measured under FVOCI is transferred to equity through other comprehensive income.	As per BRPD Circular no. 14 dated 25 June 2003, provisions should be made for any loss arising from the diminution in value of investments. But, as per DOS Circular No.04 dated 24 November 2011, provisions can be made for any loss arising from the diminution in value of investments after netting of gain.
4	Revaluation gains/losses on Government securities	As per requirement of IFRS 9, an entity shall classify financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss. For securities like HTM measured at amortised cost at each year end by taking into account any trading" measured at fair value, gains and losses are recognised entirely in profit or loss (fair value through profit or loss, FVTPL). T-bills and T-Bonds designated as "held to maturity" are measured at amortized cost method and interest income is recognized through the profit and loss account.	As per Bangladesh Bank DOS circular letter no. 05 dated 26 May 2008 and DOS circular no. 05 dated 28 January 2009. HTM measured at amortised cost at each year end by taking into account any discount or premium in acquisition. Amortised amount of such premium are booked into Profit and Loss Account or discount is booked to reserve until maturity/disposal. In case of HFT after initial recognition, investments are revalued at mark to market on weekly basis. Decrease in the book value is recognised in the Profit and Loss Account and any increase is transferred to revaluation reserve account.
5	Non-banking asset	No indication of Non-banking asset is found in any IFRS.	As per BRPD circular No. 14 dated 25 June 2003 and BRPD circular No. 22 dated 20 September 2021 respectively there must exist a face item named Non-banking asset.

Sl no.	Issues	IAS/IFRS	Bangladesh Bank
6	Repo and reverse repo transactions	As per IFRS 9 when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan and the underlying asset continues to be recognized at amortised cost in the entity's financial statements. The difference between selling price and repurchase price will be treated as interest expense. The same rule applies to the opposite side of the transaction (reverse repo).	As per Bangladesh bank Circulars / guidelines, when a Bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on future date (REPO), the arrangement is accounted for as a normal sales transactions and the financial assets should be derecognized in the seller's book and recognized in the buyer's book.
7	Provision on loans and advances/ investments	As per IFRS 9, an entity shall recognise an impairment allowance on loans and advances based on expected credit losses. Expected credit losses are required to be measured through a loss allowance at an amount equal to: (i) the 12-month expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or (ii) full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument). For loans & Advances whose credit risk increased significantly since initial recognition, a loss allowance for full lifetime expected credit losses is required. For loans & advances whose credit risk didn't increased significantly, a loss allowance equal to the 12-month expected credit losses is required.	Provision for loans and advances is made on the basis of quarter-end review by the management and as per instructions contained in BRPD circular No. 15 dated 27 November 2024, BRPD Circular letter No. 29 dated 21 December 2025 and BRPD Circular letter No. 06 dated 25 April 2023, a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained regardless of objective evidence of impairment. Also provision for sub-standard loans, doubtful loans and bad losses has to be provided at 20%, 50% and 100% respectively for loans and advances depending on the duration of overdue. Again as per BRPD circular no. 10 dated 18 September 2007 and BRPD circular no. 14 dated 23 September 2012, a general provision at 1% is required to be provided for all off-balance sheet exposures. The bank has to maintain provisions based on the circulars issued by Bangladesh Bank from time to time. Such provision policies are not specifically in line with those prescribed by IFRS 9. Also for disclosure such provision shall be shown as liability as opposed to netting of against loans and advances.
8	Recognition of interest in suspense	Loans and advances to customers are generally classified at amortised cost as per IFRS 9 and interest income is recognised by using the effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently become credit-impaired, interest income is recognized in profit and loss account on the same basis based on revised carrying amount.	As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified; interest on such loans are not allowed to be recognised as income, rather the corresponding amount needs to be credited to interest suspense account, which is presented as liability in the balance sheet.
9	Cash flow statement	The cash flow statement can be prepared using either the direct method or the indirect method as per IAS 7. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.	As per BRPD circular No. 14, dated 25 June 2003 cash flow is the mixture of direct and indirect methods.

Sl no.	Issues	IAS/IFRS	Bangladesh Bank
10	Financial guarantee	As per IFRS 9, financial guarantees are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtors fails to make payment when due in accordance with the original or modified terms of a debt instrument. Financial guarantee liabilities are recognised initially at their fair value plus transaction costs that are directly attributable to the issue of the financial liabilities. The financial guarantee liability is subsequently measured at the higher of the amount of loss allowance for expected credit losses as per impairment requirement, and the amount initially recognised less, income recognised in accordance with the principles of IFRS 15. Financial guarantees are included within other liabilities.	As per BRPD Circular no. 14 dated 25 June 2003, financial guarantees such as Letter of Credit, Letter of Guarantee, Acceptance and Endorsement, etc. will be treated as off balance sheet items.

1.13 Regulatory and legal compliance

The Bank complied with the requirements of the following Act, regulations and guidelines:

- i. The Bank Company Act, 1991 (amendment up to date)
- ii. The Companies Act 1994
- iii. Rules, regulations and circulars issued by the Bangladesh Bank from time to time
- iv. The Securities and Exchange Rules, 2020
- v. The Securities and Exchange Ordinance, 1969
- vi. The Securities and Exchange Commission Act, 1993
- vii. The Securities and Exchange Commission (Public Issues) Rules, 2015
- viii. The Income Tax Act 2023 and Rules of 1984
- ix. The Value Added Tax and Supplementary Duty Act, 2012
- x. The Value Added Tax and Supplementary Duty Rules, 2016
- xi. The Financial Reporting Act 2015 and other regulations of Financial Reporting Council, Bangladesh
- xii. Dhaka Stock Exchange (DSE) and Chittagong Stock Exchange (CSE) Listing Regulations, 2015
- xiii. Central Depository Bangladesh Limited (CDBL) rules and regulations
- xiv. Financial Reporting Disclosure (as per BSEC Notification No. BSEC/CMRRCD/2006-158/208/Admin/81 dated, 20 June 2018)
- xv. Other applicable laws and regulations

1.14 Reporting period

Sl no.	Name of the entity/segment	Reporting period
1	AB Bank PLC.	01 January 2024 to 31 December 2025
2	Off Shore Banking Unit	01 January 2024 to 31 December 2025

4	AB Investment Limited	01 January 2024 to 31 December 2025
5	AB Securities Limited	01 January 2024 to 31 December 2025
6	Cashlink Bangladesh Limited	01 January 2024 to 31 December 2025
7	AB International Finance Limited	01 January 2024 to 31 December 2025
8	Arab Bangladesh Bank Foundation	01 January 2024 to 31 December 2025

1.15 Risk management

As a financial intermediary, the Bank is exposed to various types of risks. Risk is defined as uncertainties resulting in adverse variation of profitability or in losses, financial or otherwise. The risk management of the Bank covers core risk areas of banking as defined by Bangladesh Bank and Pillar-2 risk as well. The core risks are credit risk, asset liability risks, money laundering risks, internal control and compliance risks, information technology risks and foreign exchange risks. Some other risks those also affect banking business are liquidity risk, market risk interest rate risk, equity risk, operational risk, reputation risk, strategic risks, credit concentration risks, environmental and climate change risks, etc.

The objective of the risk management framework at the bank is that the Bank understands, evaluates and takes well calculative risks and thereby safeguarding the Bank's capital, its financial resources and profitability from various business risks through its own measures, policies and procedures established to address these risks and also implementing Bangladesh Bank's guidelines and following some of the best practices as under:

Credit risk

It arises mainly from lending, trade finance and treasury businesses. This can be described as potential loss arising from the failure of a counter party to perform as per contractual agreement with the Bank. The failure may result from unwillingness of the counter party or decline in his/ her financial condition. Therefore, the Bank's credit risk management activities have been designed to address all these issues.

The Bank has segregated duties of the officers / executives involved in credit related activities. A separate Department at Head Office is entrusted with the duties of maintaining effective relationship with the customers, marketing of credit products, exploring new business opportunities, etc. Moreover, credit approval, administration, monitoring and recovery functions have been segregated.

Credit Risk Management Division is entrusted with the duties of maintaining asset quality, assessing risk in lending to a particular customer, sanctioning credit, formulating policy / strategy for lending operation, etc. Adequate provision has been made on classified loans / investments. A thorough assessment is done before sanction of any credit facility at Credit Risk Management Division. The risk assessment includes borrower risk analysis, financial analysis, industry analysis, historical performance of the customer, security of the proposed credit facility, etc. The assessment process starts at respective business wing by the relationship manager / officer and ends at Credit Risk Management Division when it is approved / declined by the competent authority. In determining single borrower / large loan limit, the instructions of Bangladesh Bank are strictly followed. Internal audit is conducted at periodical intervals to ensure compliance of Bank's and Regulatory polices. Loans are classified as per Bangladesh Bank's guidelines.

Market risk

Market risk arises from potential losses of the exposures of a bank from on-balance sheet and off-balance sheet items, i.e adverse movements in market rates/interest rates, foreign exchange rates, equity prices, credit spreads and/or commodity prices.

Operational risk

Operational risk address the risk associated with fraud, forgery, unauthorized activities, error, omission, system failure and external events among others. Bank is managing these risks through written procedures, regular training and awareness programs. Departmental Control Function Checklist (DCFCL), Quarterly Operations Report, Loan Documentation Checklist etc. are in place covering all probable risks associated with bank's business and operations. Surprise inspections are also made on a regular basis to make sure that all control tools are functioning properly.

Foreign exchange risk

Foreign exchange risk is defined as the potential change in earnings due to change in market prices. The foreign exchange risk of the Bank is minimal as all the transactions are carried out on behalf of the customers against underlying L/C commitments and other remittance requirements. Financial Institution and Treasury (FIT) Division independently conducted the foreign exchange transactions and the Mid office and the Back office of Treasury is responsible for verification of the deals and passing of their entries in the books of account. All foreign exchange transactions are revalued at Market rate as determined by Bangladesh Bank at the month end. All nostro accounts are reconciled on a monthly basis and outstanding entry is reviewed by the management for its settlement. The position maintained by the Bank at the end of day was within the stipulated limit prescribed by the Bangladesh Bank.

Interest rate risk

Interest rate risk may arise from trading portfolio and non-trading portfolio. The trading portfolio of the bank consists of government treasury bills, bond, etc. The short term movement in interest rate is negligible or nil. Interest rate risk of non-trading business arises from mismatches between the future yield of an asset and its funding cost. Asset Liability Committee (ALCO) monitors the interest rate movement on a regular basis.

Equity risk

Equity risk arises from movement in market value of equities held. The risks are monitored by the Investment Banking Division under a well-designed policy framework. Adequate provision was maintained by the Bank for diminution of market value of Investments.

Liquidity risk

The objective of liquidity risk management is to ensure that all foreseeable funding commitments and deposit withdrawals can be met when due. To this end, the Bank is maintaining a diversified and stable funding base comprising of core retail and corporate deposits and institutional balance. Management of liquidity and funding is carried out by Financial Institution and Treasury (FIT) Division under approved guidelines. FIT front office is supported by a very structured Mid Office and Back Office. The liquidity management is monitored by Asset Liability Committee (ALCO) on a regular basis. A written contingency plan is in place to manage extreme situation.

Risk arising from money laundering

AB Bank PLC. considers prevention of money laundering risk not only as a compliance requirement imposed by the law of the country but also as one of its core business values. The board of directors and senior management are firmly committed to combat money laundering. Every year, a message from the President and Managing Director's office goes to all employees' of the Bank reiterating the importance of the issue. There is a high profile Central Compliance Unit (CCU) in place to oversee the anti-money laundering activities. The president and managing director himself supervise the function of CCU's. Operation has separated and dedicated headcount for surveillance of the anti-money laundering functions across the bank. Training and awareness programs are regularly held to make all employees' aware of the issue. Bank has also undertaken campaign against money laundering in electronic media.

Internal control and compliance risk

Department of Internal Control and Compliance (DICC) of the bank performs three core functions - Internal Audit, Monitoring and Compliance in order to mitigate the internal control and compliance risk. DICC conducts Risk Based Audit and Annual Audit of the Branches. Audit of Head Office Divisions also come under DICC. DICC monitors compliance of Internal as well as Bangladesh Bank Audit Reports including Bangladesh Bank Special Audit Reports on Core Risks. Besides, Special Audit on some specific issues like year-end Cash Position, Security Stock verification etc. are also done by DICC.

Information and communication technology (ICT) security risk

The Bank follows the Bangladesh Bank ICT Policies along with other leading industry compliances such as PCI DSS. AB Bank IT Infrastructure has built on Microsoft Active Directory along with Microsoft Exchange Email System with enhanced cloud security. Bank has Next Generation Firewall (NGF) in our core and perimeter zone to protect the organization from external threats. NGF runs only a few services on board and reserves the majority of resources for ingress-egress traffic. For endpoint security Bank has advanced persistent threat (APT) malware protection and Anti Bot protection which are components of Next Generation Firewall.

Bank has introduced Multi-Factor Authentication (MFA), Mobile Protection, Remote Access, and Virtual Private Networks (VPN). AB Core Infrastructure have High Availability and Disaster Recovery Site (DRS) with near real time synchronization which ensure the highest level of uptime round the year. End User Security Awareness Training is one of focus area to ensure the total security of the bank. Bank regularly arrange Security Awareness training for the employees as per the regulations of Bangladesh Bank.

1.16 Environment Risk Management (ERM)

Bangladesh Bank issued Guidelines on Environment Risk Management (ERM) to streamline solutions for managing the environmental risks in the financial sector – Ref: BRPD Circular No.01/2011 dated 30 January 2011 and BRPD Circular no.02 dated 27 February 2011 respectively. Bank accordingly introduced the Guideline on Environment Risk Management on 15 June 2011. These ERM guidelines are an attempt to incorporate the environmental impact of a business into the lending process, so that the environment gets due consideration in the appraisal process.

Environmental risk is a facilitating element of credit risk arising from such environmental issues. These can be due to environmental impacts caused by and / or due to the prevailing environmental conditions. These increase risks as they bring an element of uncertainty or possibility of loss in the context of a financing transaction.

The Bank is complying with Bangladesh Bank Guidelines to the above effect from time to time and reporting activities on ERM and Green Banking every quarter.

1.17 Credit rating of the Bank

Year	Date of Rating	Long term	Short term
January to December 2024	June 17, 2025	A-	ST-2
January to December 2023	June 13, 2024	A+	ST-2
January to December 2022	June 11, 2023	AA-	ST-2
Year 2021 & Jan-Sep 2022	December 26, 2022	AA-	ST-2
Year 2020 & Jan-Sep 2021	December 28, 2021	AA-	ST-2

1.18 Events after the reporting period

As per IAS -10 "Events after the Reporting Period" events after the reporting period are those events, favorable and unfavorable, that occur between the end of the reporting period and the date when the financial statements are authorized for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period (adjusting events after the reporting period); and
- those that are indicative of conditions that arose after the reporting period (non-adjusting events after the reporting period).

Except the pandemic issue, there was no material event occurred after the reporting period which could affect the values stated in the financial statements.

1.19 Related party disclosures

A party is related to the company if:

1.22 Verification of financial statements through Document Verification System (DVS)

As per BRPD circular letter no. 4 dated 04 January 2021 Banks are required to preserve the updated statutory audit report of the clients in loan file during approval/renewal of the facilities and as per BRPD circular letter no. 35 dated 06 July 2021, the statutory audit report and Financial Statements needs to be verified through the Document Verification System (DVS) developed by the Institute of Chartered Accountants of Bangladesh (ICAB). Financial Reporting Council (FRC) vide its letter no 178/FRC/APR/2021/27(23) dated 7 December 2021 has instructed to disclose the percentage (%) of the loan file covered under the compliance of these BRPD Circular in the financial statements of the Bank. The bank has Signed MOU with ICAB and got the master access on the DVS on July 28, 2022, from then more than 39% of total loans have been checked using the DVS tools.

1.23 Going Concern

The Financial Statements have been prepared on a going concern principle which is the assumption that an entity will remain in business for the foreseeable future. Conversely, the Bank has neither any intention nor any legal or regulatory compulsion to halt operations and liquidate its assets in the near term at what may be very low fire-sale prices. Key financial parameters (including liquidity, profitability, asset quality and credit rating) of the Bank continued to demonstrate a healthy trend for a couple of years. The management is not aware of any material uncertainties that may cause to believe that significant doubt upon the Bank's ability to continue as a going concern.

1.24 Worker's Profit Participation Fund (WPPF)

In consistent with widely accepted industry practice and in line section 11(1) of the Bank Company Act, 1991 (As amended up to date) and subsequent clarification given by Bank & Financial Institutions Division (BFID), Ministry of Finance, no provision has been made by the Bank in the reporting period against Workers' Profit Participation Fund (WPPF)."

1.25 Authorization of Financial Statements

3.3 Statutory deposits

Conventional Banking (inside Bangladesh)

Cash Reserve Requirement and Statutory Liquidity Ratio

Cash reserve requirement and statutory liquidity ratio have been calculated and maintained in accordance with section 33 of the Bank Company Act 1991 (amendment up to 2023), Bangladesh Bank's DOS circular no. 01 dated 19 January 2014 and MPD Circular No.-01 dated 04 March 2025.

The statutory cash reserve requirement is on the Bank's time and demand liabilities at the rate 4.00% and has been calculated and maintained with Bangladesh Bank in current account while statutory liquidity ratio of 13.00% is required, on the same liabilities is also maintained in the form of Government Securities and other regulatory components which supported to SLR. Both the reserves are maintained by the Bank in excess of the statutory requirements, as shown below:

(a) Cash Reserve Requirement (CRR)

As per Bangladesh Bank MPD Circular No.-01 dated 04 March 2025, Bank has to maintain CRR @4.00% on fortnightly cumulative average basis and minimum CRR @ 3.00% on daily basis.

	31.12.2025 Taka	31.12.2024 Taka
i. Daily position as on the reporting date		
Required reserve	9,948,573,517	10,899,562,389
Actual reserve maintained	10,267,075,540	12,773,681,046
Surplus	318,502,022	1,874,118,657

As per Bank ledger, balance with Bangladesh Bank (local currency) is BDT 12,833,583,669 while as per Bangladesh Bank Statements balance is BDT 12,773,681,046. Difference between the balance as per Bank Ledger and as per the Bangladesh Bank Statement is properly reconciled and adjusted accordingly.

ii. Fortnightly cumulative position

As per Bangladesh Bank MPD Circular No.-01 dated 04 March 2025, Bank has to maintain CRR @ 4.00% on fortnightly cumulative average basis.

Required reserve (4.00% of total time & demand liabilities)	13,264,764,690	12,456,642,730
Actual reserve maintained	10,267,075,540	3,284,696,696
(Deficit)/Surplus	(2,997,689,150)	(9,171,946,034)

(b) Statutory Liquidity Ratio (SLR)

Required reserve (13% of total time & demand liabilities)	43,113,390,091	40,486,821,186
Actual reserve maintained	2,503,907,268	4,243,490,005
Total (Deficit)/ surplus	(40,609,482,823)	(36,243,331,181)

As per Bangladesh Bank MPD Circular No.-01 dated 04 March 2025 and DOS circular no. 01 dated 19 January 2014, all scheduled Banks have to maintain CRR and SLR @ 4.00% and @ 13.00% respectively of their total time and demand liabilities on bi-weekly average basis, where the Bank maintained @ 1.05% and @ 0.89% respectively at the year end.

(c) Components of Statutory Liquidity Ratio (SLR)

Islamic Banking

Cash Reserve Requirement and Statutory Liquidity Ratio

Cash Reserve Requirement (CRR) and Statutory Liquidity Ratio (SLR) have been calculated and maintained in accordance with section 33 of the Banking Companies Act, 1991 (amendment up to 2018) and subsequent Bangladesh Bank's DOS circular no. 01 dated 19 January 2020 and MPD Circular No. 01 dated 04 March 2025.

The Statutory Cash Reserve is required on the Bank's Time and Demand Liabilities at the rate of 4.00 % which has been calculated and maintained with Bangladesh Bank in Al-Wadeeah Current Account while Statutory Liquidity Ratio of 5.50% is required including excess amount of CRR on the same liabilities. The required amount maintained in the form of Bangladesh Government Islami Investment Bond (BGIIB), Bangladesh Government Investment Sukuk (BGIS) Cash Balance in the Vault and Foreign Currency (FC) Balance with Bangladesh Bank. Both the reserves (CRR & SLR) are maintained in excess, as shown below:

	31.12.2025 Taka	31.12.2024 Taka
(a) Cash Reserve Requirement (CRR)		
Required reserve	265,606,000	236,245,000
Actual reserve maintained	278,328,000	242,308,000
Surplus	12,722,000	6,063,000
(b) Statutory Liquidity Ratio (SLR)		
Total required reserve	365,209,000	324,836,000
Total actual reserve held	381,571,000	325,000,000
Total surplus	16,362,000	164,000

Mumbai branch

Cash reserve ratio and statutory liquidity ratio

Cash reserve ratio and statutory liquidity ratio have been calculated and maintained in accordance with Section 24 of the Banking Companies Act 1949, Section 42 (2) of the RBI Act 1934 and RBI circular nos. DBOD. No.Ret. BC.24/12.01.001/2015-16.

The statutory cash reserve ratio is required on the Bank's time and demand liabilities at the rate of 4.00 % for 31.12.2025 & 4.0 % for 31.12.2024 and has been calculated and maintained with RBI in current account while statutory liquidity ratio of 18.00% for 31.12.2025 & 18.00% for 31.12.2024 is required, on the same liabilities is also maintained in the form of treasury bills, and bonds including foreign currency balance with RBI. Both the reserves are maintained by the Bank in excess of the statutory requirements, as shown below:

(a) Cash Reserve Ratio (CRR)		
Required reserve	8,655,593	7,224,906
Actual reserve maintained	71,342,869	124,234,807
Surplus	62,687,276	117,009,901
(b) Statutory Liquidity Ratio (SLR)		
Required reserve	551,657,841	281,283,433
Actual reserve maintained	2,245,632,199	2,145,806,984
Surplus	1,693,974,358	1,864,523,551
Total required reserve	560,313,434	288,508,339
Total actual reserve held	2,316,975,068	2,270,041,791
Surplus	1,756,661,634	1,981,533,452

In Bangladesh:

Opening Balance	9,125,725,580	8,605,349,612
Paid during the year	334,134,983	520,375,968
Closing balance (Bangladesh operations)	9,459,860,563	9,125,725,580
Advance tax of ABBPLC., Mumbai Branch	322,056,124	403,282,384
	9,781,916,687	9,529,007,965

15.3 Interest suspense account

Balance at 01 January	26,556,806,032	9,051,419,845
Add. Transferred during the the year	18,761,015,710	19,137,123,040
Less: Recovery/adjustment/waivered during the year	(1,301,828,891)	(1,450,596,712)
Less: Written off during the year	(35,737,403)	(181,140,141)
Balance at 31 December	43,980,255,448	26,556,806,032

15.4 Provision against other assets

Provision for

Prepaid legal expenses	244,076,000	210,126,000
Protested bills	85,150,000	82,500,000
Others	200,330,495	86,330,495
	529,556,495	378,956,495

Provision against other assets was made as per BRPD Circular # 04 dated 12 April 2022 issued by Bangladesh Bank.

15.4.1 Calculation of Provision against other assets

	Outstanding amount	Base for Provision	Rate	Provisions Requirement	Provisions Maintained
Prepaid legal exp.	273,671,885	59,327,077	50%	29,663,538	29,663,538
Protested bills	85,102,457	214,344,808	100%	214,344,808	214,412,462
Others	291,287,775	85,102,457	100%	85,102,457	85,150,000
		11,737,488	50%	5,868,744	5,868,744
		194,447,831	100%	194,447,831	194,461,751

Required provision for other assets 529,427,378 529,556,495

Total provision requirement 529,427,378

Total provision maintained 529,556,495

Provision shortfall maintained at the reporting date 129,117

	31.12.2025 Taka	31.12.2024 Taka
15.5 Lease Liabilities		
Opening balance of present value of lease liability	573,802	90,070,083
Finance Cost @ 8%	14,582	3,805,400
Rental payment during the period	570,000	93,301,681
Closing balance of lease liability	18,383	573,802

Bank recognises lease liabilities measured at the present value of lease payments to be made over the leased term using incremental borrowing rate @ 8% at the date of initial application of "IFRS 16 Leases". Lease liability is measured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments, and remeasuring the carrying amount to reflect any reassessment of lease modification.

15.6 Provision for off balance sheet items

Opening balance	992,201,225	1,447,600,000
Add: Addition / (Transfer) during the period	114,000,000	(455,398,775)
	1,106,201,225	992,201,225

15.6.1 Particulars of required provision for Off-Balance Sheet Items

	Base for Provision	Rate (%)	31 December 2025	31 December 2024
Acceptances and endorsement	3,970,217,736	1%,2%,5%	39,702,177	69,188,104
Letters of guarantee	17,776,636,946	1%,2%,5%	910,290,402	753,518,062
Irrevocable letters of credit	11,183,907,126	1%,2%,5%	120,685,685	87,049,296
Others	3,500,497,730	1%	35,004,977	82,445,763
Total Off Balance Sheet Items & required provision	36,431,259,537		1,105,683,241	992,201,225
Total provision maintained			1,106,201,225	992,201,225
Excess provision at the reporting date			517,984	-

Provision requirement is calculated as per BRPD circular no. 06 dated 25 April 2023. Provision is not required against Off Balance Sheet items of Mumbai Branch BDT 3,438,567,036 as per Reserve Bank of India (RBI) guidelines. * Provision Requirement for Letter of Guarantee in excess of BRPD circular no. 06 dated 25 April 2023 is determined as per BB letter no. BSD-06/6000(36)/AB-Ka/2026-330 dated 29 April 2026.

15.7 Provision against investments

Provision against quoted and unquoted shares:

Opening balance	1,989,404,764	1,146,537,619
Add: Provision made at the end of the Year	254,000,000	842,867,144

AB Bank PLC.

**Disclosures on Risk Based Capital (Basel III)
As at 31 December 2025**

These disclosures have been made in accordance with the Bangladesh Bank BRPD Circular no. 18 dated 21 December 2014 as to guidelines on 'Risk Based Capital Adequacy for Banks' in line with Basel III.

1. Capital adequacy under Basel-III

To cope with the international best practices and to make the Bank's capital more risk sensitive as well as more shock resilient, 'Guidelines on Risk Based Capital Adequacy (RBCA) for Banks' (revised regulatory capital framework in line with Basel III) have been introduced from 01 January 2015. The guidelines were issued by Bangladesh Bank (BB) under section 13 and section 45 of the Bank Company Act, 1991 (amendment up to date).

Basel III guidelines are structured on the following aspects:

- a) Minimum capital requirements to be maintained by a Bank against credit, market, and operational risks.
- b) Process for assessing the overall capital adequacy aligned with risk profile of a Bank as well as capital growth plan.
- c) Framework of public disclosure on the position of a Bank's risk profiles, capital adequacy, and risk management system.

2. Scope of application

Basel III guidelines apply to all scheduled banks on 'Solo' basis as well as on 'Consolidated' basis where-

- Solo Basis refers to all position of the Bank and its local and overseas branches/offices; and
- Consolidated basis refers to all position of the bank (including its local and overseas branches/offices) and its subsidiary company(ies) engaged in financial (excluding insurance) activities like Merchant banks, Brokerage Firms, Discount Houses, etc. (if any).

AB Bank followed the scope narrated above. Bank has Tier 1 capital (going concern) and Tier 2 capital (gone concern) structure at the moment.

3. Capital base

Regulatory capital has been categorised into following way:

- 1) Tier 1 capital (going concern capital)
 - a) Common equity Tier I
 - b) Additional Tier I
- 2) Tier 2 capital (gone concern)

1. (a) Common Equity Tier 1 Capital

For the local Banks, Common Equity Tier 1 (CET1) capital shall consist of sum of the following items:

- a) Paid up capital
- b) Non repayable share premium account
- c) Statutory reserve
- d) General reserve
- e) Retained earnings
- f) Dividend equalization reserve
- g) Noncontrolling interest in subsidiaries

Less: Regulatory adjustments applicable on CET1

AB Bank PLC.

Disclosures on Risk Based Capital (Basel III)

As at 31 December 2025

1. (b) Additional Tier 1 Capital

For the local Banks, Additional Tier 1 (AT1) capital shall consist of the following items:

- a) Instruments issued by the banks that meet the qualifying criteria for AT1
- b) Non-controlling Interest i.e. AT1 issued by consolidated subsidiaries to third parties (for consolidated reporting only);

Less: Regulatory adjustments applicable on AT1 Capital

2. Tier 2 Capital

Tier 2 capital, also called 'gone-concern capital', represents other elements which fall short of some of the characteristics of the core capital but contribute to the overall strength of a bank. For the local banks, Tier 2 capital shall consist of the following items:

- a) General provisions
- b) Subordinated debt / Instruments issued by the Banks that meet the qualifying criteria for Tier 2 capital;
- c) Noncontrolling Interest i.e. Tier 2 capital issued by consolidated subsidiaries to third parties as specified

Less: Regulatory adjustments applicable on Tier 2 capital;

4. Limits (Minima and Maxima)

These instructions will be adopted in a phased manner starting from the January 2015, with full implementation of capital ratios from the beginning of 2019. Banks will be required to maintain the following ratios on an ongoing basis:

- a) Common equity Tier 1 of at least 4.5% of the total RWA.
- b) Tier 1 capital will be at least 6.0% of the total RWA.
- c) Minimum CRAR of 10% of the total RWA.
- d) Additional Tier 1 capital can be admitted maximum up to 1.5% of the total RWA or 33.33% of CET1, whichever is higher (For the purpose of calculating Tier 1 capital and CRAR, the excess Additional Tier 1 capital and Tier-2 capital can only be recognized if the bank has CET1 ratio in excess of the minimum requirement of 7.0% (i.e. 4.5% plus capital conservation buffer of 2.5%). Further, any excess Additional Tier 1 and Tier 2 capital will be recognized in the same proportion as stipulated above i.e. the recognition of excess Additional Tier 1 (above 1.5%) is limited to the extent of 33.3% (1.5/4.5) of the CET1 in excess of 7.0% requirement. Similarly, the excess Tier 2 capital (above 4.0%) shall be recognized to the extent of 88.89% (4.0/4.5) of the CET1 in excess of 7.0% requirement.)
- e) Tier 2 capital can be admitted maximum up to 4.0% of the total RWA or 88.89% of CET1, whichever is higher
- f) In addition to minimum CRAR, Capital Conservation Buffer (CCB) of 2.5% of the total RWA is

Minimum capital requirements of the BASEL III:

Particulars	2025
Minimum Common Equity Tier-1 Capital Ratio	4.50%
Capital Conservation Buffer	2.50%
Minimum CET-1 plus Capital Conservation Buffer	7.00%
Minimum T-1 Capital Ratio	6.00%
Minimum Total Capital Ratio	10.00%
Minimum Total Capital plus Capital Conservation Buffer	12.50%

AB Bank PLC.

**Disclosures on Risk Based Capital (Basel III)
As at 31 December 2025**

5. Capital conservation buffer

Banks are required to maintain a capital conservation buffer of 2.5%, comprised of Common Equity Tier 1 capital, above the regulatory minimum capital requirement of 10%. Banks should not distribute capital (i.e. pay dividends or bonuses in any form) in case capital level falls within this range. However, they will be able to conduct business as normal when their capital levels fall into the conservation range as they experience losses.

Therefore, the constraints imposed are related to the distributions only and are not related to the operations of banks. The distribution constraints imposed on Banks when their capital levels fall into the range increase as the Banks' capital levels approach the minimum requirements. The table below shows the minimum capital conservation ratios a Bank must meet at various levels of the Common Equity Tier 1 capital ratios.

Bank's minimum capital conservation standards

CET-1 ratio	Minimum capital conservation ratio (expressed as percentage of earnings)
4.5% - 5.125%	100%
>5.125% - 5.75%	80%
>5.75% - 6.375%	60%
>6.375% - 7.0%	40%
>7.0%	0%

6 Regulatory adjustments / deductions

In order to arrive at the eligible regulatory capital for the purpose of calculating CRAR, Banks are required to make the following deductions from CET1/capital:

- Shortfall in provisions against NPLs and investments
- Goodwill and all other intangible assets
- Deferred tax assets (DTA)
- Defined benefit pension fund assets
- Gain on sale related to securitisation transactions
- Investment in own shares
- Investments in the capital of Banking, Financial and Insurance entities
(Reciprocal crossholdings in the Capital of Banking, Financial and Insurance entities)

Transitional arrangements for capital deductions

Transitional Arrangements for Capital Deductions:

Phase-in of deductions from Tier 2	2015	2016	2017	2018	2019
RR for Fixed Assets	20%	40%	60%	80%	100%
RR for Securities	20%	40%	60%	80%	100%
RR for Equity Securities	20%	40%	60%	80%	100%

Bank complied with the conditions as embodied in this respect wherever applicable.

7. Leverage Ratio

A minimum Tier 1 leverage ratio of 3.75% is being prescribed both at solo and consolidated level.

The banks will maintain leverage ratio on quarterly basis. The calculation at the end of each calendar quarter will be submitted to BB showing the average of the month end leverage ratios based on the following definition of capital and total exposure.

$$\text{Leverage Ratio} = \frac{\text{Tier 1 Capital (after related deductions)}}{\text{Total Exposure (after related deductions)}}$$

AB Bank PLC.

Disclosures on Risk Based Capital (Basel III)
As at 31 December 2025

8. a) **Credit Risk**

Credit risk is the potential that a bank borrower or counterparty fails to meet its obligation in accordance with agreed term.

Bank followed the suggested methodology, process as contained in the guidelines.

b) **Methodology**

Bangladesh Bank adopted Standardised approach for calculating Risk Weighted Assets. The capital requirement for credit risk is based on the risk assessment made by external credit assessment institutions (ECAIs) recognized by BB for capital adequacy purposes. Banks are required to assign a risk weight to all their on balance sheet and off balance sheet exposures. Risk weights are based on external credit rating (solicited) which was mapped with the BB rating grade or a fixed weight that is specified by Bangladesh Bank.

c) **Credit risk mitigation**

AB Bank uses a number of techniques to reduce its credit risk to which the Bank is exposed. For example, exposures may be collateralised by first priority claims, in whole as in part with cash or securities, a loan exposure may be guaranteed by a third party. Additionally, Bank may agree to net loans owed to them against deposits from the same counterparty.

Bank uses comprehensive approach as adopted by the Central Bank. In this approach when taking collateral, Bank will need to calculate adjusted exposure to a counterparty for capital adequacy purposes in order to take account of the effects of that collateral. Using haircut, Bank is required to adjust both the amount of the exposure to the counterparty and the value of any collateral received in support of that counterparty to take account of possible future fluctuations in the value of either, occasioned by market movements. This will produce volatility adjusted amounts for both exposure and collateral.

9. a) **Market Risk**

Market risk is defined as the risk of losses in on and off-balance sheet positions arising from movements in market prices. The market risk positions subject to this requirement are:

- i) The risks pertaining to interest rate related instruments and equities in the trading book; and
- ii) Foreign exchange risk and commodities risk throughout the Bank (both in the Banking and in the trading book).

b) **Methodology**

In Standardized Approach, the capital requirement for various market risks (interest rate risk, equity price risk, commodity price risk, and foreign exchange risk) is determined separately. The total capital requirement in respect of market risk is the sum of capital requirement calculated for each of these market risk sub-categories. The methodology to calculate capital requirement under Standardized Approach for each of these market risk categories is as follows:

- a) Capital Charge for Interest Rate Risk = Capital Charge for Specific Risk + Capital Charge for General Market Risk.
- b) Capital Charge for Equity Position Risk = Capital Charge for Specific Risk + Capital Charge for General Market Risk.
- c) Capital Charge for Foreign Exchange Risk = Capital Charge for General Market Risk
- d) Capital Charge for Commodity Position Risk = Capital Charge for General Market Risk

Bank followed the suggested methodology, process as contained in the Guidelines.

10. a) **Operational risk**

Operational risk is defined as the risk of losses resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal risk, but excludes strategic and reputation risk.

AB Bank PLC.

**Disclosures on Risk Based Capital (Basel III)
As at 31 December 2025**

b) Measurement methodology

Banks operating in Bangladesh shall compute the capital requirements for operational risk under the Basic Indicator Approach (BIA). Under BIA, the capital charge for operational risk is a fixed percentage, denoted by (alpha), of average positive annual gross income of the bank over the past three years. Figures for any year in which annual gross income is negative or zero, should be excluded from both the numerator and denominator when calculating the average.

Bank followed the suggested methodology, process as contained in the guidelines.

11. Disclosure under Pillar III

Disclosure given below as specified by RBCA guidelines dated 21 December 2014:

A) Scope of application

Qualitative disclosure

(a) The name of the top corporate entity in the group to which this guidelines applies.	AB Bank PLC.
(b) An outline of differences in the basis of consolidation for accounting and regulatory purposes, with a brief description of the entities within the group (a) that are fully consolidated; (b) that are given a deduction treatment; and (c) that are neither consolidated nor deducted (e.g. where the investment is risk-weighted).	The consolidated financial statements of the Bank include the financial statements of (a) AB Bank PLC. (b) AB Investment Limited (c) AB Securities Limited (d) Cash Link Bangladesh Limited and (e) AB International Finance Limited. A brief description of these are given below: AB Bank PLC. (ABBP) AB Bank PLC. is one of the first generation private commercial banks (PCBs), incorporated in Bangladesh on 31 December 1981 as a public limited company under the Companies Act 1913, subsequently replaced by the Companies Act 1994, and governed by the Bank Company Act 1991 (amendment up to date) . The Bank went for public issue of its shares on 28 December 1983 and its shares are listed with Dhaka Stock Exchange and Chittagong Stock Exchange respectively. AB Bank PLC. has 105 Branches including 1 Islami Banking Branch, 1 Overseas Branch in Mumbai, India. The Bank has five (05) subsidiary companies, AB Investment Limited (ABIL), AB Securities Limited (ABSL), CashLink Bangladesh Limited (CBL), AB International Finance Limited (ABIFL), incorporated in Hong Kong, and Arab Bangladesh Bank Foundation (ABBF).
(b) An outline of differences in the basis of consolidation for accounting and regulatory purposes, with a brief description of the entities within the group (a) that are fully consolidated; (b) that are given a deduction treatment; and (c) that are neither consolidated nor deducted (e.g. where the investment is risk-weighted).	AB Investment Limited AB Investment Limited (ABIL), a Subsidiary of AB Bank PLC. was incorporated under the Companies Act, 1994 on 24 December 2009 with a view to run and manage the operations of Merchant Banking Wing of AB Bank PLC. independently. AB Investment Limited started its operation on 10 March 2010. AB Investment Limited has achieved an unparallel reputation as a leading Merchant Banker through providing portfolio management services by maintaining a high level of professional expertise and integrity in client relationship. ABIL's Registered Office is located at WW Tower (Level 7), 68 Motijheel C.A., Dhaka. ABIL has two branch offices at Agrabad, Chittagong and Chowhatta, Sylhet.

AB Bank PLC.

**Disclosures on Risk Based Capital (Basel III)
As at 31 December 2025**

(b)		<p><u>AB Securities Limited</u> Brokerage business of Arab Bangladesh Bank Foundation has been transferred to the newly formed AB Securities Limited (ABSL) vide Bangladesh Bank approval letter BRPD(R-1)717/2009-493 dated 08 November 2009. Main objective of the company is to act as a stock broker to buy and sell Securities, Bond, Debenture, etc. on behalf of clients. ABSL also manages its own portfolio under Stock Dealer License. ABSL is a member of both Dhaka Stock Exchange Ltd. and Chittagong Stock Exchange Ltd. ABSL started its operation independently on 02 August 2010, before that it was operated under the ABBF License.</p> <p><u>Cashlink Bangladesh Limited</u> Cashlink Bangladesh Limited (CBL) was incorporated on 24 September 2008 in Bangladesh under the Companies Act 1994 as a private company limited. AB Bank PLC. presently holds 90% shares in CBL. The principal activity of the company is to install and operate a switched Automated Teller Machines (ATM) and Point of Sales (POS) network on behalf of a number of local and foreign banks.</p> <p><u>AB International Finance Limited</u> AB International Finance Limited (ABIFL) is a company incorporated and domiciled in Hong Kong and has its registered office and principal place of business at Room 1608, 16th Floor, Tower 1, Silvercord, 30 Canton Road, Tsim Sha Tsui, Hong Kong.</p> <p><u>Arab Bangladesh Bank Foundation</u> Bank also has a Subsidiary (99.60% owned by AB Bank) for philanthropic/ CSR activities known as Arab Bangladesh Bank Foundation (ABBF). This has not been included in the consolidation as ABBF operated only for philanthropic purpose and its profit is not distributable to the shareholders. Thus, for ensuring the fair presentation of the financial statements of the parent company (the Bank), the Financial Statements of ABBF has not been consolidated.</p>
(c)	Any restrictions, or other major impediments, on transfer of funds or regulatory capital within the group	Not Applicable
(d)	The aggregate amount of surplus capital of insurance subsidiaries (whether deducted or subjected to an alternative method) included in the capital of the consolidated group.	Aggregate amount of Capital: BDT. 20,000,000 Name of subsidiary: Arab Bangladesh Bank Foundation (ABBF)

D) Credit Risk

Qualitative disclosure (cont.)

<p>> Discussion of the Bank's credit risk management policy</p>	<p>The Board approves the credit policy keeping in view relevant Bangladesh Bank guidelines to ensure best practice in credit risk management and maintain quality of assets. Authorities are properly delegated in ensuring check and balance in credit operation at every stage i.e. screening, assessing risk, identification, management and mitigation of credit risk as well as monitoring, supervision and recovery of loans with provision for early warning system. There is a separate Credit Risk Management Division for ensuring proper risk management of Loans and Credit Administration Management Division for monitoring and recovery of irregular loans. Internal control and compliance division independently assess quality of loans and compliance status at least once in a year. Adequate provision is maintained against classified loans as per Bangladesh Bank guidelines. Status of loans are regularly reported to the Board/ Board Audit Committee. Besides, credit risk management process involves focus on monitoring of large loans, sectoral exposures etc. among others limit.</p>

F) Interest Rate Risk in the Banking Book (IRRBB)

Qualitative Disclosure

<p>(a) The general qualitative disclosure requirement including the nature of IRRBB and key assumptions, including assumptions regarding loan prepayments and behavior of non-maturity deposits, and frequency of IRRBB measurement.</p>	<p>Interest rate risk is the potential that the value of the On Balance Sheet and the Off Balance Sheet position of the Bank would be negatively effected with the change in the interest rate. The vulnerability of an institution towards the advance movement of the interest rate can be gauged by using duration GAP under Stress Testing Analysis.</p> <p>AB Bank has also been exercising the Stress Testing using the duration GAP for measuring the Interest Rate Risk on its On Balance Sheet exposure for estimating the impact of the net change in the market value of equity on the Capital to Risk Weighted Assets Ratio (CRAR) due to change in interest rates only on its On Balance Sheet position (as the Bank holds no interest bearing Off Balance Sheet positions and or Derivatives). Under the assumption of three different interest rate changes i.e. 1%, 2% and 3%.</p>

G) Market Risk

Qualitative Disclosure

(a) > Views of BOD on trading/investment activities	The Board approves all policies related to market risk, sets limits and reviews compliance on a regular basis. The objective is to provide cost effective funding last year to finance asset growth and trade related transaction.
> Methods used to measure Market risk	Standardised approach has been used to measure the market risk. The total capital requirement in respect of market risk is the aggregate capital requirement calculated for each of the risk sub-categories. For each risk category minimum capital requirement is measured in terms of two separately calculated capital charges for 'specific risk' and 'general market risk'.
> Market risk management system	The Treasury Division manage market risk covering liquidity, interest rate and foreign exchange risks with oversight from Asset-Liability Management Committee (ALCO) comprising senior executives of the Bank. ALCO is chaired by the Managing Director. ALCO meets at least once in a month.
> Policies and process for mitigating market risk	There are approved limits for Market risk related instruments both on-balance sheet and off-balance sheet items. The limits are monitored and enforced on a regular basis to protect against market risks. The exchange rate committee of the Bank meets on a daily basis to review the prevailing market condition, exchange rate, forex position and transactions to mitigate foreign exchange risks.

H) Operational Risk

Qualitative Disclosure

(a) > Views of BOD on system to reduce Operational Risk	The policy for operational risks including internal control and compliance risk is approved by the board taking into account relevant guidelines of Bangladesh Bank. Audit Committee of the Board oversees the activities of Internal Control and Compliance Division (ICCD) to protect against all operational risk.			
> Performance gap of executives and staffs	AB has a policy to provide competitive package and best working environment to attract and retain the most talented people available in the industry. AB's strong brand image plays an important role in employee motivation. As a result, there is no significant performance gap.			
> Potential external events	No potential external events is expected to expose the Bank to significant operational risk.			
> Policies and processes for mitigating operational risk	The policy for operational risks including internal control and compliance risk is approved by the Board taking into account relevant guidelines of Bangladesh Bank. Policy guidelines on Risk Based Internal Audit system is in operation as per RBA branches are rated according to their risk status and branches scoring more on risk status are subjected to more frequent audit by Internal Control and Compliance Division (ICCD). It is the policy of the bank to put all the branches of the bank under any form of audit at least once in a year. ICCD directly reports to Audit Committee of the Board. In addition there is a Vigilance Cell established in 2009 to reinforce operational risk management of the bank. Bank's Anti-Money laundering activities are headed by CAMELCO and their activities are devoted to protect against all money laundering and terrorist finance related activities. Apart from that, there is adequate check & balance at every stage of operation, authorities are properly segregated and there is at least dual control on every transaction to protect against operational risk.			
> Approach for calculating capital charge for operational risk	Basic Indicator Approach was used for calculating capital charge for operational risk as of the reporting date.

I) Liquidity Ratio

Qualitative Disclosure

(a) > Views of BOD on system to reduce liquidity Risk	<p>Liquidity risk is the potential for loss to the bank arising from either its inability to meet its obligations of depositors as they fall due or to fund in increased assets as per commitment.</p> <p>To mitigate liquidity risk Bank assesses its risk appetite and manage the risk within a structured frame work. Professional resources are deployed to set the limits and procedures and get them approved by the Board.</p> <p>To reduce the liquidity Risk in a structured way, Bank monitors various indicators like regulatory indicators(CRR, SLR, MTFR, MCO, ADR, LCR, NSFR) and uses internal monitoring tools (WBG, CLP and MAT).</p>

AB Bank PLC.

Disclosures on Risk Based Capital (Basel III)
As at 31 December 2025

(a)	<p>> Methods used to measure Liquidity risk</p>	<p>Liquidity measurement involves forecasting the Bank's cash inflows against its outflows to identify the potential for any net shortfalls going forward. For measuring Bank uses some simple techniques as mentioned below:</p> <p>>Bank prepares Structural Liquidity Profile (SLP) on monthly basis. SLP is used to estimate the Bank's cash inflows and outflows and thus net deficit or surplus (GAP) over a series of specified time periods. Bank focuses on the maturity of its assets and liabilities in different tenors. Excessive longer tenor lending against shorter-term borrowing is monitored as this can put the Bank's balance sheet in a very critical and risky position.</p> <p>> Bank has a Contingency Funding Plan (CFP) in place. Contingency Funding Plan (CFP) is a set of policies and procedures that serves as a blueprint for the Bank to meet its funding needs in a timely manner and at a reasonable cost. Bank maintains sufficient high quality liquid assets to meet the liquidity crisis period.</p> <p>> Bank estimates the funding requirement both in normal and stress conditions arising from on and off balance sheet exposures. Bank monitors its products which are interest rate sensitive. Those are taken care of at the time of interest rate movement in the market based on behavior of clients and other competitors.</p> <p>> Bank monitors liability concentration level. Highly concentrated deposits means bank is relying on too few providers or funding sources. Bank has to be ready for arranging fund if concentrated deposits are withdrawn at a time or Bank place this fund for short term lending.</p> <p>> Bank uses variety of ratios to quantify the liquidity and interpret them taking into account the qualitative factors.</p>																
	<p>> Liquidity risk management system</p>	<p>The Management of the Bank measures the liquidity risk and manage them under the Board approved guidelines and policies. Bank prepares extensive reports for monitoring the balance sheet movement on daily basis. Bank also monitors the market information of the country and global market. Bank has an Asset Liability Committee (ALCO).</p> <p>ALCO is a senior management level committee responsible for supervision and management of liquidity and other risks using different monitoring tools. They monitor the limit for indicators set by Bangladesh Bank as well as Bank's Board.</p> <p>Key elements of an effective liquidity risk management process include an efficient MIS to measure, monitor and control existing as well as future liquidity risks and reporting them to senior management and the Board. Bank is therefore working for continuous improvement of MIS.</p>																
	<p>> Policies and processes for mitigating liquidity risk</p>	<p>Bank has set of policies duly approved by the Board for mitigating liquidity risk. These policies are supported by effective procedures to measure, achieve and maintain liquidity. The ALCO recommends the policies for liquidity risk which is reviewed and approved by the Board.</p> <p>Operating liquidity is managed by the Bank for day to day fund requirements. And for managing the crisis period Bank follows the CFP approved by the Board.</p> <p>For regulatory purposes the Bank maintains specific amount of assets classed as "liquid", based on its liabilities. In addition, the Bank has to maintain excess liquid assets as per CFP.</p>

J) Leverage Ratio

Qualitative Disclosure

<p>(a) > Views of BOD on system to reduce excessive leverage</p>	<p>For reducing the leverage up to an optimum level, the Board of Directors of the Bank always keen to focus on the capital strength and the quality of the assets. Board is always concern to maximise the core capital portion and keep the growth of on and off balance sheet exposures at a favourable level.</p> <p>Key initiatives of the Board:</p> <ul style="list-style-type: none"> • Emphasised to keep LD ratio at the optimal level/budgeted level • Stressed to keep the interest rate spread at the optimal level for ensuring the profitability of the Bank • Market competitive Cost of Fund must be maintained • Non-funded business i.e. import, export and bank guarantee to be expedited as per budget • Operational expenses must be reduced at rational level • Decentralisation of portfolio in SME and retail business • Special Mentioned Account (SMA) and classified loans are to be closely monitored for ensuring asset quality, and • Recovery cell must ensure the monitoring of risk assets frequently to maintain the asset quality.
<p>> Policies and processes for managing excessive on and off-balance sheet leverage</p>	<p>Primary principle of the Board is to enhance the core capital of the Bank. To keep the leverage at a reduced level, Board emphasized Management to build strong internal control system specifically in the risk points by putting dual control in each phase. Apart from this, by the instruction of the Board, Management formed different Committees to work under specific Terms of Reference (ToR) and to report to the Board.</p> <p>All these above measures as a whole, helps the Management to keep the exposures at sound level.</p>
<p>> Approach for calculating exposure</p>	<p>The exposure calculation for the leverage ratio is generally followed the accounting measure of exposure. In order to measure the exposure consistently with financial accounts, the following is applied by the bank:</p> <ol style="list-style-type: none"> i. On balance sheet and non-derivative exposures are net of specific provisions and valuation adjustments (e.g. surplus/deficit on Available for sale (AFS)/Held-for-trading (HFT) positions). ii. Physical or financial collateral, guarantee or credit risk mitigation purchased is not allowed to reduce on-balance sheet exposure. iii. Netting of loans and deposits is not allowed. <p><u>On Balance Sheet Items</u></p> <p>Bank included items using their accounting balance sheet for the purposes of the leverage ratio. In addition, the exposure measure is included the following treatments for Securities Financing Transactions (e.g. repo, reverse repo etc.)</p> <p><u>Repurchase agreements and securities financing:</u></p> <p>Securities Financing Transactions (SFT) are a form of secured funding and therefore an important source of balance sheet leverage that included in the leverage ratio. Therefore Banks calculate SFT for the purposes of leverage ratio by applying:</p> <ul style="list-style-type: none"> • The accounting measure of exposure; and • Without netting various long and short positions with the same counterparty

K) Remuneration**Qualitative Disclosure**

(a)	Information relating to the bodies that oversees remuneration.
> Name of the bodies that oversees remuneration	The primary body that currently oversees remuneration practices includes: In charge of remuneration & payroll, Head of HR, and Managing Director of the Bank.
> Name, composition and mandate of the main body overseeing remuneration.	Board of Directors of the bank is the main body which approves the remuneration proposals/changes as when needed based on the recommendation of the primary body
> External consultants whose advice has been sought, the body by which they were commissioned, and in what areas of the	Periodically services of external consultants are sought in the process of remuneration update/survey in every 2/3 years to ensure competitive effectiveness of remuneration structure. Survey focuses on gross remuneration package in each job grade i.e. minimum, mid point and maximum in the given scale. Gross salary includes different elements like Basic pay and other admissible emoluments.

AB Bank PLC.

**Disclosures on Risk Based Capital (Basel III)
As at 31 December 2025**

	<p>> A description of the scope of the bank's remuneration policy (e.g. by regions, business lines), including the extent to which it is applicable to foreign subsidiaries and branches.</p>	<p>Key objective of the remuneration policy is to offer competitive remuneration package to employees in each job grade commensurate with job responsibilities irrespective of any location/region. It is done through periodical remuneration survey with local comparators engaging consultant. Similarly, for foreign subsidiaries, it is done in context of specific country remuneration market status to remain competitive in the foreign market that ensures attracting and retention of the best performers.</p>
	<p>> A description of the types of employees considered as material risk takers and as senior managers, including the number of employees in each group.</p>	<p>Divisional Heads, Departmental Heads, Senior Members of Management, Head of Branches/Business Units supported by SMT are the material risk takers in business.</p>
<p>(b) Information relating to the design and structure of remuneration processes.</p>		
	<p>> An overview of the key features and objectives of remuneration policy.</p>	<p>A scale of salary structure with a minimum – mid point and maximum package for each job grade is available. The package includes: Basic pay, Housing, Medical, conveyance (when car is not allowed), Utilities, Maintenance, Leave fare assistance, Personal pay (in appropriate cases) etc.</p> <p>Salary progression in the form of annual merit pay linked to individual performance within the scale etc. Service benefits like Provident Fund, Gratuity, Group term insurance, festival bonus, car facilities and related cost as per bank's service rules are components of total compensation.</p>
		<p>Objective of remuneration policy is to pay competitively within industry norms in order to attract and retain good employees,</p> <p>Pay for performance link to merit measured in terms of delivery of set KPI annually (annual merit pay)</p> <p>Bank's service rules stands as a guide besides instructions and guidance from the Board from time to time</p>
	<p>> Whether the remuneration committee reviewed the firm's remuneration policy during the past year, and if so, an overview of any changes that were made.</p>	<p>Remuneration structure is updated periodically usually in an interval of 2/3 years to remain competitive in the market with the approval of the Board of Directors of the Bank. No major change made in the recent past</p>
	<p>> A discussion of how the bank ensures that risk and compliance employees are remunerated independently of the businesses they oversee.</p>	<p>Risks and compliance employees carry out their job independently as per terms of reference. In respect of remuneration, they are treated equally in line with other regular employees</p>

AB Bank PLC.

Disclosures on Risk Based Capital (Basel III)
As at 31 December 2025

(c)	Description of the ways in which current and future risks are taken into account in the remuneration processes.	
> An overview of the key risks that the bank takes into account when implementing remuneration measures.	The business risks including credit/default risk, compliance and reputational risk, financial and liquidity risk are considered while implementing remuneration measures for each employee/group of employees.	
> An overview of the nature and type of the key measures used to take account of these risks, including risks difficult to measure	Different set of measures are in practice based on nature of business lines/segments etc. these measures are primarily focused on the business targets/goals set for each area of operation, branch vis-à-vis actual results achieved as of the reporting date. The most important tools and indicators used for measuring the risks are asset quality (NPL ratio), LD ratio, Net Interest Margin (NIM), provision coverage ratio, cost income ratio, cost of fund, growth of net profit as well as non-financial indicators i.e. compliance status with regulatory norms/instructions, service delivery etc. are brought to all concerned of the bank from time to time.	
> A discussion of the ways in which these measures affect remuneration.	Individual employee's performance standards are set in term of financial and non-financial indicators (KPI) early each year which are expected to be delivered by them individually. Performance evaluation at the end of year results in variation in performance outcome (KPI fully achieved, partially achieved and not achieved) leading to variation in performance reward (annual merit pay) thus affects in remuneration.	
> A discussion of how the nature and type of these measures has changed over the past year and reasons for the change, as well as the impact of changes on remuneration.	Based on differentiating performance outcome employees are rewarded annually. Differentiating reward i.e. good, better and best impact on competitive motivation at work as usual. No material change in remuneration package.	
(d)	Description of the ways in which the bank seeks to link performance during a performance measurement period with levels of remuneration.	
> An overview of main performance metrics for bank, top-level business lines and individuals.	Performance matrix in terms of broad KPI is set by the Board for the Management covering business lines/different segments of businesses each year. The Management in turn develops strategies and set performance KPI for individual employees across functions/business to activate and achieve the set targets/KPI in delivering business results. The most common KPIs are loan deposit ratio, cost of fund, cost income ratio, yield on loan, quality of asset, profit target, provision coverage ratio, capital to risk weighted ratio, ROE, ROA, Liquidity position, maintenance of CRR and SLR etc. beside non-financial KPI.	
> A discussion of how amounts of individual remuneration are linked to bank-wide and individual performance.	Annual merit pay i.e. merit increment of employees are linked to performance outcome based on individual performance criteria (KPI). Merit increase is also liked to other elements of remuneration package, so aggregate of all employees has reasonable impact on the remuneration package and not insignificant.	
> A discussion of the measures the bank will in general implement to adjust remuneration in the event that performance metrics are weak	No documented criteria as such is available to adjust remuneration of employees in the event of weak business performance matrix. If profit target is not met in a given year, generally annual merit increment is lower.	

AB Bank PLC.

Islamic Banking (IB) Division
Profit paid on deposits

Profit and loss of Islamic Banking Operation is calculated annually as of the financial position of 31st December in every year. More than 65% of investment income is being distributed among the different types of Mudaraba depositors following the weightage system and the remaining portion is retained by the Bank as per pre-agreed ratio to meet administrative expenses. Provisional profit rates are applied to the different types of deposit accounts from time to time commensurate with weightage and considering the previous trend and the rates of other Islamic Banks in the Industry.

In the year 2025 final profit has been paid to the depositors as per following weightage and rates:

Types of Deposit	Weightage	Provisional Profit Rate	Final Rate
1. Mudaraba Savings Deposits	0.33	4	4
2. Mudaraba Savings Deposits (School Banking)	0.5	6	6
3. Mudaraba Specialized Savings Deposit (Amani/Ilham)	0.42	5	5
4. Mudaraba Special Notice Deposits	0.38	4.5	4.5
a. General
